## WARNINGS Read Before Using Your Sega Dreamcast Video Game System

### CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

### HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using the Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using the Sega Dreamcast.

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

### OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunction:

- Before removing the disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean the disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean the disc.

### PROJECTION TELEVISION WARNING

Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

### SEGA DREAMCAST VIDEO GAME USE

This GD-ROM can only be used with the Sega Dreamcast video game system. Do not attempt to play this GD-ROM on any other CD player; doing so may damage the headphones and/or speakers. ## THE FIGHT FOR MEDALLION

*Numerous wars have been fought since ancient times – many civilizations have emerged and disappeared. The cause of the wars is Medallion, a divine stone that brings both prosperity and destruction to humankind. Uncounted civilizations have sought it, fought for it and vanished. What they gained in their struggle for power was nothing short of annihilation!*

*Now, in the year 2050 ...*

*Civilizations of the world have again resumed fighting for Medallion with powerful weapons developed with advanced technology. This has become the most explosive war in history. Four air fighters take off into the sky. Each pilot carries a stone that holds mysterious power, said to be the only way to destroy Medallion. A new chapter is about to open in the never-ending saga of the fight for Medallion.*

*The future will soon answer the question: will this battle be the last?*

## SEGA DREAMCAST™

Use these ports to connect the Sega Dreamcast™ controller or other peripheral equipment. From left to right are **Control Port A**, **Control Port B**, **Control Port C**, and **Control Port D**. *Giga Wing* uses Control Ports A and B for Players 1 and 2 respectively.

**Note:** Purchase an additional controller (sold separately) to play with two people.

**Giga Wing** is a 1-to-2 player game. Before turning the Sega Dreamcast power ON, connect the Sega Dreamcast controller(s) or other peripheral equipment into the control ports of the Sega Dreamcast.

## PLAYING A GAME

1. Press **START** at the Title screen.
2. Press the Directional Button, Analog Thumb Pad or joystick  $\uparrow/\downarrow$  to select a game mode and press the **A** Button. (See more about game modes starting on page 8.)
3. Select a character and press the **A** Button. (See more about characters on pages 13-14.)
4. The game will start after a demo. When your fighters run out, a Continue screen will appear. To continue, press **START** before the countdown reaches zero.
5. At the end of a game you can input your name if you rank in the High Scores.

**CONTROLS (Default)****SEGA DREAMCAST CONTROLLER**

Never touch the Analog Thumb Pad or L/R Triggers while turning the Sega Dreamcast power ON. Doing so may disrupt the controller initialization procedure and result in malfunction. If the Analog Thumb Pad or L/R Triggers are accidentally moved while turning the Sega Dreamcast power ON, immediately turn the power OFF and then ON again, making sure not to touch the controller.

**ARCADE STICK****JUMP PACK**

Giga Wing supports the Jump Pack vibration peripheral. When inserted into the Expansion Socket of a Sega Dreamcast controller or other compatible peripheral equipment, the Jump Pack provides a vibration effect that can considerably enhance the game play experience.

**Notes:**

- **Giga Wing** is a 1-to-2 player game. Connect controllers or other peripheral equipment before turning ON the Sega Dreamcast.
- To return to the Title screen at any point during game play, simultaneously press and hold the A, B, X, Y and START Buttons. This will cause the Sega Dreamcast to soft-reset the software and display the title screen.
- For both the controller and Arcade Stick, you can change the default button assignments using the Button Config option. See page 9.

## GAME MODES

Choose a game mode with the Analog Thumb Pad, D-Button or joystick and press START or the A Button.

### ARCADE

A perfect conversion of the original arcade game. 1 Player can play solo or 2 Players simultaneously. Between stages, view story demos with character voices. In 2 Player games, the story varies depending on the combination of characters.

### SCORE ATTACK

1 player only. Choose a stage and try to get the best score. Your score ranking is recorded separately from your Arcade Mode ranking. During play:

- You have an unlimited number of fighters.
- The Score Multiplier will increase as long as your fighter stays alive and you do not use a Force Bomb. If your fighter is destroyed or you use a Force Bomb, the Score Multiplier is reset.
- When you beat the boss enemy, your score appears on the Result screen and you return to the Title screen.

### OPTION

Adjust various settings. Select an item with the Analog Thumb Pad, D-Button or joystick  $\uparrow/\downarrow$  and adjust with  $\leftarrow/\rightarrow$ .

- **DIFFICULTY** - Adjust difficulty level. The higher the number, the more difficult.
- **PLAYER STOCK** - Adjust the initial number of fighters.
- **BOMB STOCK** - Adjust the initial number of Force Bombs.

- **AUDIO** - Choose STEREO or MONAURAL.
- **YM SOUND** - Turn YMU sound ON/OFF.

- **BUTTON CONFIG** - Change button assignments. Also turn Jump Pack vibration ON/OFF. If you choose AUTO SHOT, you can shoot continuously by holding the Fire button.
- **SCREEN SETUP** - Adjust screen size and position with A/B/X/Y Buttons. Press the L and R Triggers to reset the size.

### RANKING

View current best score rankings for Arcade and Score Attack Modes.

1. Choose Arcade or Score Attack Mode.
2. If you chose Score Attack Mode, choose a stage.
3. Each Ranking screen shows up to 20 places. Use the Analog Thumb Pad, D-Button or joystick  $\uparrow/\downarrow$  to scroll.

The screen shows:

- **RANK** - Ranking.
- **TYPE** - Fighter used.
- **STAGE** - Number of stages reached.
- **SCORE** - Score in 16 digits. If the last digit is not zero (meaning the game has been continued), the score displays in red.
- **NAME** - Ranking name (up to 3 letters).
- **DIF** - Difficulty level. If settings have been changed in the Option Mode, the score displays in red. If the difficulty level is increased, the score displays in normal color.

## SAVE & LOAD

- **SAVE** – Save your play data to an optional YMU (required for saving). **Giga Wing** uses 12 free blocks to save play data. While saving, never turn OFF the Sega Dreamcast power, remove the YMU or disconnect the controller or any peripheral.
- **LOAD** – Load your play data from a YMU.

## HOW TO PLAY

View the tutorial on the **Giga Wing** controls.

- **SCREEN SETUP** – Adjust screen settings.
- **BUTTON CONFIG.** – Change button assignments and turn Jump Pack vibration ON/OFF.

- Destroy enemies with shots and avoid enemy shots. If your fighter hits an enemy or enemy shot, you lose your aircraft. If you lose all of your Fighters Remaining, your game is over.
- Use a Force Bomb when your fighter is surrounded by enemy shots or confronted with a tough enemy. When a Force Bomb is fired, your fighter becomes invincible for awhile. The number of Force Bombs is limited.
- The RF (Reflect Force) Gauge fills up when you use Reflect Force, then decreases over time. When it's empty, you can use Reflect Force again (see page 12).
- The Boss Battle Timer appears only when you are fighting a boss character. The boss will escape if you do not defeat it within a certain time.

## ITEMS

When you destroy an enemy, an item sometimes appears. Fly over it to pick it up.

- [P] **POWER UP** - Enhances your fighter's attack power.
- [B] **FORCE BOMB** - Increases the number of Force Bombs Remaining.
- [IUP] **LIFE** - Increases the number of Fighters Remaining.
- **MEDAL** - Increases your Score Multiplier.

## REFLECT FORCE

During a Reflect Force (RF), your fighter becomes invincible and able to repel all enemy shots. When **OK!** appears on the RF Gauge, you can use this special power (press and hold the A Button).

1. Hold the A Button when numerous enemy shots are approaching your fighter.

2. Reflect Force detonates ...

... and reflects the shots.

3. The reflected shots will hit enemies and numerous Medals (to increase the Score Multiplier) will appear.

Sinnosuke is descended from a tribe that guards a powerful stone possessing the ability to summon thunder and lightning. ## FLOATING CONTINENT

## HEAVENLY GOLD CITY

You're approaching the shrine where the Medallion is sealed. Only ancient weapons remain to block your way. The door to the forbidden shrine will open when you defeat Dimension Keeper.
